SKILLS

JavaScript
C#
Java
SQL
HTML
CSS
Gatsby.js
React.js
Bootstrap
styled-components
Node.js
D3.js
ASP.NET MVC
GraphQL
UX & UI Design
User Research

TOOLS

Adobe Photoshop
Babel
Figma
Git
Netlify
NPM
TFS

PERSONAL

Creative thinking
Curiosity
Empathy
Goal setting
Humility
Integrity
Leadership
Open-minded

SUMMARY

Prospective Computer Science graduate in search of new opportunities and eager to create fascinating web applications and software to improve the quality of life of others. Concentrating on simplifying lives through a combination of empathy, understanding, and quick learning to design practical interfaces, test new ideas, and develop solutions.

EDUCATION

University of Calgary

Bachelor of Science, Major in Computer Science
Concentration in Human Computer Interaction
September 2014 – December 2019 (expected)

INTERESTS

Photography
Codewars/Leetcode
Team Sports
Minesweeper

WORK EXPERIENCE

CNOOC International — Full Stack Developer (Co-op)

May 2018 – September 2019 | Calgary, AB

- Reduced manual search time for geologists and geophysicists by creating a user-friendly web app to modernize and centralize InnerLogix results
- Executed interface research, data analysis on 1000000+ rows of oil well data, and prototyping methods (wireframes, lo-fi/hi-fi prototypes)
- Identified, proposed, and prioritized various requirements and web app features while collaborating with a business analyst
- Delivered a production-level web app for coworkers in the UK to decrease data loading times and provide clean data visualizations of data transfers
- Used Figma to design prototypes and initiate iterative design discussions

PROJECT EXPERIENCE

Personal Portfolio Site

August 2019 | Calgary, AB

- Applied the JAMstack web development architecture by using Gatsby.js, GraphQL, and React.js to build the site and showcase projects
- Utilized styled-components and react-reveal to add interaction feedback and theme different components

VOLUNTEER EXPERIENCE

Canadian Undergraduate Computer Science Conference — Chair

August 2017 - August 2018 | Calgary, AB | 2018.cucsc.ca

- Led a team of 10 highly motivated students to expose 200 undergraduate students across Canada to various topics and experts (academia & industry)
- Negotiated sponsorship agreements by connecting with many companies
